LIVERPOOL GEOLOGICAL SOCIETY NEWSLETTER

26/09/2016

Three students from the University of Liverpool, who were awarded Liverpool Geological Society Prizes will be attending the 4th October meeting to be presented with their awards. They are:

Overall excellence: BSc Geology Tarciana Peel
Overall excellence: BSc Geophysics Jack Woollam
Overall excellence: BSc GPG Darah Darbyshire

Welcome to the 158th Session of the Liverpool Geological Society.

4th October 2016
Presidential address by Dr. Maggie Williams
A Life in Geology

2016 is the year of Earth Science educators. To mark this year the International GeoScience Education Organisation (IGEO) has launched a new section of their website entitled "My Earth Science Educator's story"

In this talk Maggie will reflect on her contribution to the IGEO's collection of stories on their website and highlight the past teachers' place in helping people to understand how Earth Processes work and appreciate geologists' value to society.

25th October
Members' Evening

22 November
Lecture by Professor Douglas Mair - Head of the School of Environmental Sciences, University of Liverpool

29th November
Minerals, machines and Microscopes (at the Central Teaching Laboratories, University of Liverpool.)

6th December
Quiz night

Manchester Geological Association

The final trip of the year will be led by Jane Michael and will be Rocky Ramble on Saturday 8 October.

This year's trip is based on Walk 3 Edale and Kinder Scout from Fred Broadhurst's Rocky Rambles in the Peak District. It will look at the Kinder Scout grit and also the geomorphology of the area. We are not intending to do the whole 12.5km walk but there is likely to be some steep ascent/descent.

If you are interested please contact Penny at outdoors@mangeolassoc.org.uk and also contact Penny if you require more info on the risk assessment.
