

**Activity R8: Design a cartoon strip to show what happens to a rock fragment in a river**

The character below is named Rocky. Write a short cartoon strip from the view of Rocky as he is moved with the water in a river as it flows from its source to its mouth.

	<p style="text-align: center;"><b>All about Rocky</b></p> <p>I am a limestone.</p> <p>I am a bit rough on the outside because I'm made of rounded grains about 1mm across.</p> <p>I was formed when my grains were cemented together about 200 million years ago.</p> <p>When I started my journey down the river I was less than 7cm high.</p>
