

Dates: May/ June 2020

Field excursions

The next LGS activities in our programme are field excursions to:

- Eglwyseg escarpment & Minera mines (2nd May)
- Ceiriog valley (17th May)
- Alexandria quarry (30th May)
- Llandudno (14th June)

It is with great regret that we announce these field excursions will not be taking place. Whilst the field excursions are important parts of our annual programme, we recognise the risks that can arise from holding such events at the present time. We are profoundly sorry for the disappointment and inconvenience that this decision causes.

Dates: 10th - 17th September 2020

Lanzarote field excursion

Depending on developments, decisions about this field excursion have been deferred until May 1st. If matters improve over the Summer this trip will go ahead, but if the news is not positive, the trip is likely to be postponed until 2021.

Hazel Clark will keep in contact with the eight members who have booked a place on this excursion and keep these members informed by email as soon as she has news about this activity.

Date: Tuesday 29th September 2020

Council meeting

Liverpool Geological Society Council meeting at Liverpool John Moores
University
