Liverpool Geological Society events

Tuesday 22nd November

Practical session with Maggie & Peter Williams

Title: Modelling lava flows

Direct observation of physical processes in the Earth's crust can be challenging and comes with its own set of limitations. Laboratory modelling allows scientists to model, observe, and reproduce complex processes in a safe and controlled environment and during this session you will be modelling lava flows.

This practical session will be held in the ENVS lab in the CTL and will start at 7.30 pm.

Meet at 7.20 outside Lecture Theatre D in the Central Teaching Hub, University of Liverpool. Entrance will be via the main door.

Please note: The maximum number for this session is 16. If you wish to reserve a place, please contact Maggie Williams (Hon. Secretary), by mobile: 07784720551, or email: lgssecretary19@gmail.com

Tuesday 6th December

**LGS Cheese &
Wine Evening
and Quiz**

Questions set by Hazel Clark

This session will be held on the ground floor of the Central Teaching Hub, University of Liverpool.

Entrance will be via the main door. The quiz will start at 7.30 pm.

Down to Earth Magazine (DTE)

Electronic copies of this publication are available, which we have permission to email to LGS members. If you would like pdf copies of DTE number 121 and DTE Extra issue number 119, November 2022, please email Maggie Williams (Secretary) at lgssecretary19@gmail.com and they will be sent to you.
