

27th July 2026 LGS Newsletter 167.15

Liverpool Geological Society event

Tuesday 8th to Friday 11th September 2026

EIG Conference 2026, University of Liverpool

NOTE: You are advised to book a ticket a.s.a.p. and by 6th August at the very latest.

Conference Information:

<https://www.eigconferences.com/>

I now have the access codes to be issued to bona-fide LGS members for booking their reduced-price tickets to the 2-day Lecture Programme of the EIG Conference.

The code will give access to a total of 25 discounted tickets each day (50 tickets in all), with a maximum of one ticket each day per person, at the greatly discounted price of £25 per ticket. The ticket price includes morning and afternoon refreshments as well as lunch, and it allows access to the lectures and trade stands, but not the evening socials. Full details of the conference will be issued nearer the time, to those who have booked.

Please just email me if you would like the 'Ticket Access' code to make a booking for this event. Optional field trips can be added on to the booking (but at a small additional cost).

Maggie (LGS Secretary), email: lgsssecretary19@gmail.com

Down to Earth Magazine (DTE)

Electronic copies of this magazine are available, which we have permission to email to LGS members. If you would like a pdf copy of the most recent publications: **DTE Extra Issues 161, 162 & 163** and **DTE Issue Number 135**, please email Maggie Williams (Secretary) at lgsssecretary19@gmail.com and copies will be sent to you.

Wirral History and Heritage Association (WHHA)

A reminder: Wirral Heritage Open Days will take place between Friday 11th and Sunday 20th September 2026.

Details will appear on the following website: <https://sites.google.com/site/wirralhha/next-whha-event>

GeoLancashire Events and Publications

GeoLancashire is an amalgamation of the Lancashire Group of the Geologists' Association with the Lancashire RIGs Group.

The website gives information about field excursions and publications that include some local geological trails.
